All minutes are draft and subject to approval at the next meeting

Possible signage was being considered by FRSA and they would report back to HAC Committee.

At the HAC Meeting 12th June, this issue was discussed once again and it was agreed that the FRSA Representative and Councillor John Tero will visit the location and look at potential places for suitable signage and report back to the HAC Committee.

Following the location meeting, FRSA Representative and Councillor John Tero emailed the HAC Committee Members with a recommendation that a 'No Through Road' sign at the entrance to Clover Lane where it splits from West Drive and a 'Cul De Sac' sign at the junction of Clover Lane with Ansisters.

As a 'no through road' sign at Clover Lane would be misleading, the Clerk circulated options to HAC Committee Members (including FRSA) and received no response.

FRSA erected a 'to the beach' sign at the corner of West Drive and Clover which subsequently was removed anonymously.

This is an agenda item for discussion at the next HAC Committee Meeting.

Councillors unanimously agreed that this item could be progressed via email to determine the outcome and report back to F&GP Committee & Full Council.

08-07-2020 Office Arrangements

As Councillors are aware, at the Full Council meeting of 16th March it was agreed to close the parish office due to the Coronavirus (Covid 19) pandemic. The office closed to all visitors on 17th March and Amanda was requested to work from home. The Clerk has been spreading her time between home and office to maintain the functioning of the council during these unprecedented times.

On the basis of the draft Risk Assessment, it has been suggested by SALC to get this in place as a starting point as to how to resume office working.

It was agreed that the current working arrangements have been successful and it was recommended not to change the arrangements at this time.

It was agreed to update the Risk Assessment and to review the situation on a regular basis. The above was **RESOLVED** by Full Council.

It was advised that the group will discuss scope at an initial meeting.

The above was **RESOLVED** by Full Council

All minutes are draft and subject to approval at the next meeting

Councillor Terry Jackson suggested it may be a good idea for this group be tasked with, initially, looking at internal communications for the Parish Council. For example, to meet the requirements of Data Protection Policies he understand that the Parish emails are auditable. The Parish Council should therefore have a process to define the use of emails, what council business may be discussed by email, internal/external circulation of parish emails and what is expected from Councillors in relation to replying to emails etc.

Councillors Stephen Abbott & Lesley Young have produced an example of an e-newsletter which has been circulated to Councillors.

The e-newsletters content is informative and draws from already published material and is intended to just keep in touch with residents at this stage. The plan would be to publish the e-newsletter on our website and on the noticeboards. This will also factor into the discussions of the Communications Working Group.

The e-newsletter will be renamed to the parish update. It was unanimously agreed to publish the previously circulated draft version of the July Update.

A meeting will be arranged for the newly formed Communications Working Group.

13-07-2020 Parking Issues Langbury Lane

Councillors will recall previous discussions regarding a serious road safety issue that has developed on the double-blind bends at the north end of Langbury Lane.

All minutes are draft and subject to approval at the next meeting

Councillor Roger Elkins had previously advised that any 2020 TRO applications must be submitted by the end of July 2020.

At the F&GP Committee Meeting, it was acknowledged that a considerable amount of work is required to meet the criteria for a TRO application. It was established that with the information that TRO applications must be submitted by end of July, that there is not sufficient time and recommended to Full Council that this matter will be an agenda item at the next Highways & Community Committee Meeting.

Following the F&GP Meeting, Councillor Terry Jackson considered that the Langbury Lane TRO was an important safety issue which occurred on a daily basis and was supported by Stagecoach busses, he issued an email on 7th July to volunteer to carry out all the work necessary to apply for a TRO and issue to WSCC by the end of July if Council offered their support.

With only two responses, Councillor Terry Jackson was very disappointed that FPC did not support this important safety TRO for application this year.

Councillor Peter Coe advised that the issue has reduced due to the Coronavirus (covid 19) pandemic lockdown and should the issue re-occur, as this is a West Sussex highway, it can be reported via Love West Sussex or the WSCC website.

A proposal for Councillor John Tero to endeavor to prepare a TRO application for submission by end July 2020 was put to Council but was not seconded and therefore failed.

There was a further discussion as to whether a TRO application is still achievable in the limited timeframe. However, after a majority vote, it was agreed that there is not sufficient time and FPC will continue to monitor parking in Langbury Lane and encourage reporting to WSCC through Love West Sussex”

The above was **RESOLVED** by Full Council

14-07-2020 Compass Bus Access/South Ferring Parking

As mentioned earlier in minute item 05-07-20b, FPC, in conjunction with FRSA has distributed a statement regarding the situation of the Ferring roads to the residents south of Beehive Lane.

Councilor Terry Jackson stated that he would not support any TRO action for double yellow lines whether emergency or temporary in the South Drive area and that he would not support any parish funding being used for the implementation of a TRO.

It was acknowledged that the principle reason for any discussions about a TRO was in response to Compass Bus raising concerns with regards to difficulties in maneuvering the No.8 bus around South Ferring due to inconsiderate parking and if the problem persists, they may have to give consideration to suspending the service.

It was also acknowledged that this issue does not occur on a daily basis and that it is limited to certain times/days of the year and has been exacerbated by the relaxation of the Coronavirus (Covid-19) lockdown restrictions.

Councillor Peter Coe referred to the previously circulated paper outlining the 4 options and advised that there is a further option, option 5 that involves painting a “Bus Clearway” at the

All minutes are draft and subject to approval at the next meeting

Bus Stops in South Drive, which is enforceable and will require permission from WSSC but does not require a TRO.

After a lengthy discussion and to move this matter forward, Councillor Peter Coe proposed to arrange a site meeting with FRSA, Compass Bus, WSCC & FPC asap to look at all 5 options and report back to FPC.

The above was **RESOLVED** by Full Council
