FG/16/19/T

Fell 1 No. Himalayan Cedar Tree

3 Lavender Court, 38 Ferringham Lane, Ferring

*Comment from tree warden: A good specimen with high visual impact. The tip growth is slightly windswept but overall generally in good condition. The root plate is lifting a footpath creating a potential trip hazard that can be overcome by either diverting path or relaying to take up heave from roots. There is any current risk of the tree falling as there is no visual condition to suggest the risk.*

*Would expect the Arun tree officer to make similar comments.*
